**Subject:** Support our local economy

Portland's blue-collar harbor jobs will suffer if the cleanup plan is too expensive.

It's important to remember that the river is also a key driver in Portland economic engine. We all love the Willamette and its role in our environment. But I hope that you'll also factor in the important jobs the harbor provides.

Please consider all the facts and support a plan that protects the environment AND local jobs.

Sincerely,

(b) (6)
